 - Figma
 - Tailwind
 - Bootstrap
 - Material UI
 - Git
 - GitHub
 - Styled components
-

EXPERIENCE

Web Development Internship, Motion Web LLC, Bishkek, Kyrgyzstan (December 2022 - March 2023)

Projects:

1. Worked in a team of 4 developing a study abroad website using React (**Motion-study**). My role was to create a user interface with an attractive and responsive design for clients. During the project, we used the Agile methodology, which helped us to effectively coordinate tasks and meet deadlines.
2. Contributed to the development of a user-friendly and streamlined real estate search platform (**izde.kg**) with a focus on intuitive interface design and the implementation of filtering and sorting functionalities. Collaborated alongside three front-end developers, one back-end developer, and one designer to accomplish project goals. This internship provided valuable hands-on experience and exposure to the routines of professional work.

Assistant Mentor, Motion Web Academy, Bishkek, Kyrgyzstan (March 2023 - present)

As an assistant mentor, I played an active role in training and supporting new team members, providing guidance and assistance in problem-solving, and reviewing and providing feedback on homework assignments. Below are the details of my contribution as an assistant mentor:

- Offered comprehensive assistance to new team members, aiding in the successful completion of tasks and projects.
- Conducted thorough analysis and evaluation of solutions, ensuring adherence to specified criteria and quality standards.
- Provided guidance on accepted standards and best practices for development, ensuring clarity and consistency.
- Facilitated regular discussions with team members to track progress and address challenges.
